

An Employer's Guide to a Better Workforce

PSGCNJ

Professional Service Group of Central New Jersey

Where Talent Works

Our Mission

PSGCNJ is a professional, volunteer organization that provides its members with a network through job-search and job-placement services, creating a stronger workforce and economy.

While serving its professional and skilled members, PSGCNJ helps regional employers solve their labor needs.

Our Solution

Employers have 24-hour access to PSGCNJ's Talent Network at www.psgcnj.org, where they can start looking for their next "Employee of the Month." Our profiles include a brief background on each job-seeking member. If you need more information about the member, just click on the email beneath the profile and contact them directly.

For added convenience, employers can contact our Community Consultants at the PSGCNJ Career Center, and ask them to match our talent with a specific need. Once our staff members have identified a "strong fit," they will contact you with the necessary information, saving you precious time at no cost.

If you need help finding talent, please contact us at PSGCNJCareerCenter@gmail.com where staff members will respond in a timely fashion.

For general inquiries about PSGCNJ, please call (908) 445-5730 or email us at Info@psgcnj.org. Employers and recruiters are encouraged to visit our website at www.psgcnj.org

Our Value Proposition

Unlike traditional staffing agencies, PSGCNJ offers various benefits to employers:

- **No middleman commissions:** PSGCNJ is a volunteer network where its members fund the organization's expenses – not employers. Employers DO NOT pay a fee to access our talent.
- **No relocation fees:** Most PSGCNJ talent lives within 30 miles of your company.
- **Job-ready candidates:** PSGCNJ requires its members to volunteer their talent and expertise on the organization's committees, providing them with opportunities to maintain their skills and acquire new ones, making them more valuable in the workforce.
- **On-demand talent:** PSGCNJ members can fill specific, immediate needs, including full-time, part-time or consulting opportunities.

Our Talent Network

PSGCNJ provides employers with access to one of the largest, most diverse pools of professional, managerial, technical and administrative talent in New Jersey – serving as a cost-effective, one-stop-shop for organizations of all sizes.

Consider our varied, professional talent:

- Administration
- Finance
- Marketing and Sales
- Human Resources
- Information Technology
- Operations Management
- Scientific/Engineering
- Education/Legal
